

Contrax Systems Partners with Interactive Data for Skip Tracing

Integration will bring fast, seamless, accurate Skip Tracing to Piasa Collections System.

Press Release

July 23, 2008

[Contrax Systems LLC](#) announces the addition [Interactive Data](#)'s (ID) Skip Tracing product into the Piasa Collections System. ID offers fast accurate and cost effective batch processing to get you the results you need when you need them.

John Schaeffer, Managing Member of Interactive Data, said, "This partnership allows us to deliver streamlined skip-tracing and right-party-contacts within Contrax's collection software package. The end result is an efficient turn-key solution for collection agencies and debt buyers". Schaeffer added the significance of the Interactive Data/Contrax agreement meant that customers would no longer be bound by the restrictions of legacy platforms, enabling access to advanced products provided by Interactive Data for the first time, and without undertaking a major engineering effort.

Coupled with this release is also the release of a bulk payments updater.
